

**8<sup>th</sup> Grade Earth Science - Room G15  
Lab Safety Sheet 2017-2018**

Name: \_\_\_\_\_

Hour: \_\_\_\_\_

***The procedures below apply to your Science classroom and laboratory.***

***\*\* Lab work will not be allowed until this form is signed and returned. \*\****

1. Inappropriate behavior during lab work is dangerous and will result in removal from the lab and an alternate assignment due.
2. Equipment broken due to carelessness will be paid for by the student(s) involved.
- 3. Read all directions carefully before starting an experiment.**
4. Know where the emergency eyewash, fire extinguisher, and fire blanket are.
- 5. Report broken glass to the teacher immediately – do not pick it up yourself.**
6. Do not taste, smell, or mix unknown substances unless told to do so.
7. Classroom injuries, no matter how minor, must be reported immediately.
8. Know the fire exit and tornado exit for your science room.
9. Goggles must be worn if an activity could cause eye injuries. If the directions say to wear them, you must wear them.
10. No eating or drinking is allowed during lab activities, including drinking from the sinks (Please don't drink from the sinks – ever.).

Thank you!  
Mrs. Lindell

*Please discuss these rules and procedures. Return this form to Mrs. Lindell.*

***This is due by Friday, September 7th.***

I have read and understand all of the above safety procedures and will abide by these rules while in Science class.
